## Globalia goes live with ComOps' Rostima Workforce Management at Madrid Airport

**Sydney:** ComOps Limited (ASX: COM) (**Company**), the leading workforce management solutions company, announces that it has recently implemented their Rostima workforce management solutions at Globalia's subsidiary, Groundforce ground handling and cargo services operations, at Madrid Airport.

Rostima's standard Rostima Enterprise Plus (REP) Software has addressed the unique capabilities and services needs of Globalia, with licensing of Duty Manager, Queue Planner, Scheduler, Leave Planner and Base Modules, plus the Employee Kiosk Application. The initial (Phase I) license covers up to 1,200 Scheduled Employees in Madrid Airport and Strategic Analysis usage.

Based on the success of Phase 1 of the project, Globalia has exercised its option to extend the license and deploy the software in additional airports across Spain in planned further phases during 2017, to cover an additional 2,800 Scheduled Employees (i.e. 4,000 in total) in the Globalia Network Airports.
